

**IDAHO STATE DEPARTMENT OF AGRICULTURE
WEIGHTS AND MEASURES METROLOGY LABORATORY**

LABORATORY FEES

The ISDA W&M Metrology Lab is currently recognized by NIST as participating in a comprehensive measurement assurance program and has demonstrated measurement proficiency through training and round robin participation.

The Processes used are identified as follows:

SOP 4= Double Substitution. Used for precision weights. Yields value and uncertainty

SOP 5= 3-1 Substitution. Used for precision weights where lower uncertainties are needed.

SOP 8= Modified substitution. (tolerance testing) Used for Class F standards

Process Used		
Class	SOP 4	Rate per Each
2,3, S1, F1	0-3kg / 0-5lb	\$6.75
F2	> - 3kg / > 5lb	\$25.00

	SOP 5	Rate per Piece
1, E1, E2	0-3kg / 0-5lb	\$20.00
M, S	> - 3kg / > 5lb	\$75.00

	SOP 8	
M1, M2, M3	0-9lb / 0-3kg	\$5.00
4, 5, 6, 7, F,	10lb-100lb / < 4kg	\$6.25
P, Q, T	500lb-2500lb exc carts	\$23.00
	Weight Carts	\$85.00

PROVERS

100 gal or less	\$200.00
101 gal or more	\$300.00

5 gal Test Measures	\$25.00
Volume Flasks	\$50 per hour

LENGTH	\$50 per hour
---------------	---------------

NOTE: \$50 per hour + calibration charge for damaged, neglected or unsuitable standards that cause a delay in calibration procedure.
